

FaithFuel

A community of givers coming together to amplify impact.

October 2017
Abigail Fidelis
Age: 8

A little girl's smile is one of the most beautiful things in the world. Abigail has an extra special smile that defies the challenges of her world and speaks to the gracious lady she will surely become.

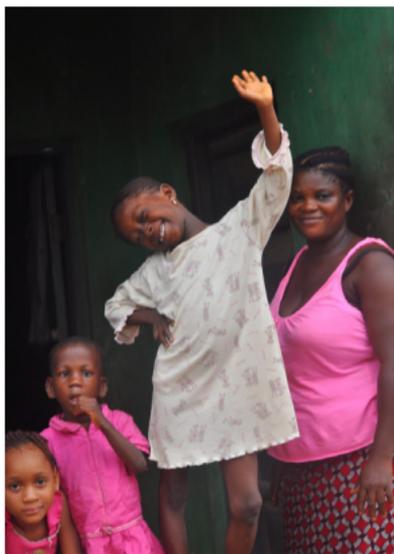

She smiles despite knowing her daddy, who is a furniture maker, may not have sufficient funds to pay her school tuition.

She even smiles knowing she might have to scrounge for water after school because it is not readily available. How does little Abigail, the only girl in her family, remain happy despite her circumstances? She has her faith. As young as she may be, her resilience is a lesson we can all take to heart.

Abigail's favorite subject is English (she loves reading!) and she hopes to be a doctor or a pastor. Already, Abigail knows the problems she would love to solve in her community - tarring bad roads top her list and yes, a house for her family would be an awesome idea too!

Abigail struggles with the inadequate sanitation and toilet facilities in her home and really hopes that things

get better. Bad dreams are scary to her and not being able to wash her socks properly doesn't make things any easier. However, she never lets go of her faith in Jesus who saved her and has helped her through many things - even teaching her how to study.

Abigail loves to play in the sand with her bestie, Peace. Abigail has chores too which include sweeping the house and doing her laundry.

Abigail is a hard worker at school and at home where she helps her mother who stays at home to care for the kids. Pretty Abigail strikes the best poses and smiles the widest.

She is a light, shining brightly, and she has these prayer requests to make: Abigail prays for her daddy to be wealthy, prosperous in his business and to build a house for them to live in. She prays for her brother to become an international footballer and lastly, she prays for wisdom and protection.

Thank you for fueling Abigail's faith!

Insert this card in your FaithFuel photo album. Remember to light your candle and pray for Abigail and all of our A2S kids throughout the month!
